So much care, so close.

Financial Assistance Program Plain Language Summary

At Vernon Memorial Healthcare, we understand that receiving medical care can be unexpected and may lead to financial hardship. As a result, we offer a financial assistance program to help.

Eligibility is based on a family's income and assets. Discounted and free care is available to those who qualify for financial assistance.

What Is Covered

Emergency and medically necessary services provided at Vernon Memorial Healthcare, hospital and clinics, by Vernon Memorial Healthcare employee service providers. The technical component of services performed at Vernon Memorial Healthcare by a provider not employed by Vernon Memorial Healthcare may qualify under the Financial Assistance Program. The professional component of services will not qualify for Financial Assistance.

Am I Eligible?

Patients with an annual family income of 400% or less of the Federal Poverty Level, and who qualify under the Financial Assistance Program guidelines, are eligible for Financial Assistance through Vernon Memorial Healthcare for services received at our hospital or clinics. Federal poverty guidelines are updated annually at www.dhs.wisconsin.gov/medicaid/fpl.htm.
