

In an effort to protect our patients and staff,
we require wearing proper masks at VMH.
Thank you for your cooperation.

Approved Masks

Surgical Masks

N95 Masks

Cloth Masks

Masks should fit snugly **over the nose and mouth** and **under the chin**.

There should be no gaps around the sides.

Masks Not Allowed

Gaiters/Balaclavas

Valved/Ventilated Masks

Face Shields

Masks should not have exhalation valves or vents.

If you do not have an approved mask,
a mask will be provided to you.

VMH reserves the right to modify approved masks at any time based on recommendations from the CDC and the Wisconsin Department of Health Services.

So much care, so close.
